

Data Dictionary

Pos. = 271 **Variable = W1GrssyrMP** **Variable label = DV: Gross annual salary of MP (edited)**

This variable is *numeric*, the SPSS measurement level is *SCALE*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1GrssyrMP

Value = -992.0	Label = No information - work status questions refused
Value = -94.0	Label = Insufficient information
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = -99.0	Label = MP not interviewed
Value = -999.0	Label = Missing in error
Value = -3.0	Label = Not yet paid
Value = -1.0	Label = Don't know

Pos. = 279 **Variable = W1GrssyrHH** **Variable label = DV: Gross annual salary of HH (edited)**

This variable is *numeric*, the SPSS measurement level is *SCALE*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1GrssyrHH

Value = -992.0	Label = No information - work status questions refused
Value = -94.0	Label = Insufficient information
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = -99.0	Label = HH not interviewed
Value = -999.0	Label = Missing in error
Value = -3.0	Label = Not yet paid
Value = -1.0	Label = Don't know

Pos. = 91 **Variable = W1wrk1aMP** **Variable label = MP: Current working status**

This variable is *numeric*, the SPSS measurement level is *NOMINAL*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1wrk1aMP

Value = 1.0	Label = Full-time paid employee (30 or more hours a week)
Value = 2.0	Label = Part-time paid employee (under 30 hours a week)
Value = 3.0	Label = Full-time self-employed
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = 6.0	Label = Full-time education
Value = 7.0	Label = On a government scheme for employment training
Value = 8.0	Label = Temporarily sick/ disabled (if temporarily off sick from job)
Value = 9.0	Label = Permanently sick/ disabled
Value = 10.0	Label = Looking after home/ family
Value = 11.0	Label = Retired from work altogether
Value = 12.0	Label = Other answers
Value = 4.0	Label = Part-time self-employed
Value = -99.0	Label = MP not interviewed
Value = 5.0	Label = Unemployed and seeking work

Pos. = 17 **Variable = W1condur5MP** **Variable label = MP: Whether have home computer in household**

This variable is *numeric*, the SPSS measurement level is *NOMINAL*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1condur5MP

Value = 1.0	Label = Yes
Value = 2.0	Label = No
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = -99.0	Label = MP not interviewed
Value = -1.0	Label = Don't know

Pos. = 116 **Variable = W1hea2MP** **Variable label = MP: Whether have long-standing illness, disability or infirmity**

This variable is *numeric*, the SPSS measurement level is *NOMINAL*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1hea2MP

Value = 1.0	Label = Yes
Value = 2.0	Label = No
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = -99.0	Label = MP not interviewed
Value = -1.0	Label = Don't know

Pos. = 11 **Variable = W1InCarHH** **Variable label = HH: Whether YP is living in a private household or not**

This variable is *numeric*, the SPSS measurement level is *NOMINAL*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1InCarHH

Value = 1.0	Label = Private household
Value = 2.0	Label = Hotel/ B&B
Value = 3.0	Label = Institution
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = -999.0	Label = Household grid missing
Value = 4.0	Label = Other answers

Pos. = 130 **Variable = W1NoldBroHS** **Variable label = HR: Number of younger siblings that YP has**

This variable is *numeric*, the SPSS measurement level is *SCALE*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1NoldBroHS

Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = -995.0	Label = Missing history section data - unexplained
Value = -98.0	Label = History respondent not identified
Value = -998.0	Label = Interviewer missed question
Value = -99.0	Label = History respondent not interviewed
Value = -1.0	Label = Don't Know
Value = -97.0	Label = History respondent misidentified

Pos. = 13 **Variable = W1hous12HH** **Variable label = HH: Tenure**

This variable is *numeric*, the SPSS measurement level is *NOMINAL*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1hous12HH

Value = 1.0	Label = Owned outright
Value = 2.0	Label = Being bought on a mortgage/ bank loan
Value = 3.0	Label = Shared ownership (owns & rents property)
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = 6.0	Label = Rented privately
Value = 7.0	Label = Rent free
Value = 8.0	Label = Some other arrangement
Value = -999.0	Label = Household grid missing
Value = 4.0	Label = Rented from a Council or New Town
Value = -1.0	Label = Don't know
Value = 5.0	Label = Rented from a Housing Association

Pos. = 14 **Variable = W1usevcHH** **Variable label = HH: Whether anyone in household has use of motor vehicle**

This variable is *numeric*, the SPSS measurement level is *NOMINAL*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1usevcHH

Value = 1.0	Label = Yes
Value = 2.0	Label = No
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = -1.0	Label = Don't know

Pos. = 147 **Variable = W1hiqualdad** **Variable label = DV: Father's highest qualification (detailed)**

This variable is *numeric*, the SPSS measurement level is *ORDINAL*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1hiqualdad

Value = 1.0	Label = Higher Degree
Value = 2.0	Label = First Degree
Value = 3.0	Label = HE Diploma
Value = 4.0	Label = HNC/HND/NVQ4
Value = 5.0	Label = Teaching qualification, non-degree
Value = 6.0	Label = Nursing qualification, non-degree
Value = 7.0	Label = A Levels
Value = 8.0	Label = OND/ONC
Value = 9.0	Label = City and guilds part III, NVQ3
Value = 10.0	Label = CSYS
Value = 11.0	Label = Scottish Higher Grade
Value = 12.0	Label = AS Level
Value = 13.0	Label = Trade apprenticeship
Value = 14.0	Label = City and guilds part II, NVQ2

Value = 15.0	Label = GCSE grade A-C and equivalent
Value = 16.0	Label = GCSE grade D-E and equivalent
Value = 17.0	Label = City and guilds part I, NVQ1
Value = 18.0	Label = Youth training, skill seekers
Value = 19.0	Label = Qualification, level unspecified
Value = 20.0	Label = No qualification mentioned
Value = -999.0	Label = Missing - household data lost
Value = -99.0	Label = Father not interviewed
Value = -98.0	Label = Father not present
Value = -94.0	Label = Insufficient information
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = -1.0	Label = Don't know

Pos. = 253 **Variable = W1wrkfulldad** **Variable label = DV: Whether father works full or part-time**

This variable is *numeric*, the SPSS measurement level is *NOMINAL*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1wrkfulldad

Value = 1.0	Label = Working full-time
Value = -94.0	Label = Insufficient information
Value = 3.0	Label = Currently not working
Value = -999.0	Label = Missing - household data lost
Value = 2.0	Label = Working part-time
Value = -98.0	Label = Father not present
Value = -99.0	Label = Father not interviewed

Pos. = 254 **Variable = W1wrkfullmum** **Variable label = DV: Whether mother works full or part-time**

This variable is *numeric*, the SPSS measurement level is *NOMINAL*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1wrkfullmum

Value = 1.0	Label = Working full-time
Value = -94.0	Label = Insufficient information
Value = 3.0	Label = Currently not working
Value = -999.0	Label = Missing - household data lost
Value = 2.0	Label = Working part-time
Value = -98.0	Label = Mother not present
Value = -99.0	Label = Mother not interviewed

Pos. = 212 **Variable = W1empsmum** **Variable label = DV: Employment status of mother**

This variable is *numeric*, the SPSS measurement level is *NOMINAL*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1empsmum

Value = 1.0	Label = Doing paid work for 30 or more hours a week
Value = -94.0	Label = Insufficient information
Value = 3.0	Label = Unemployed/ Looking for a job
Value = 4.0	Label = On a training course or scheme
Value = 5.0	Label = In full-time education/ at school
Value = 6.0	Label = Looking after the family/ household
Value = 7.0	Label = Retired from work altogether
Value = 8.0	Label = Sick/ disabled
Value = 9.0	Label = Other
Value = 2.0	Label = Doing paid work for fewer than 30 hours a week
Value = -999.0	Label = Missing household information - lost
Value = -99.0	Label = Mother not interviewed
Value = -98.0	Label = Mother not present

Pos. = 213 **Variable = W1empsdad** **Variable label = DV: Employment status of father**

This variable is *numeric*, the SPSS measurement level is *NOMINAL*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1empsdad

Value = 1.0	Label = Doing paid work for 30 or more hours a week
Value = -94.0	Label = Insufficient information
Value = 3.0	Label = Unemployed/ Looking for a job
Value = 4.0	Label = On a training course or scheme
Value = 5.0	Label = In full-time education/ at school
Value = 6.0	Label = Looking after the family/ household
Value = 7.0	Label = Retired from work altogether
Value = 8.0	Label = Sick/ disabled
Value = 9.0	Label = Other
Value = 2.0	Label = Doing paid work for fewer than 30 hours a week
Value = -999.0	Label = Missing household information - lost
Value = -99.0	Label = Father not interviewed
Value = -98.0	Label = Father not present

Pos. = 214 **Variable = W1depkids** **Variable label = DV: No of dependent children in household**

This variable is *numeric*, the SPSS measurement level is *SCALE*
SPSS user missing values = -999.0 thru -1.0

Value label information for W1depkids

Value = -999.0	Label = Missing - household data lost
Value = -94.0	Label = Insufficient information

Pos. = 215 **Variable = W1ch0_2HH** **Variable label = DV: Number of children aged 0 - 2 in household**

This variable is *numeric*, the SPSS measurement level is *SCALE*
SPSS user missing values = -999.0 thru -1.0

Value label information for W1ch0_2HH

Value = -999.0	Label = Missing - household data lost
Value = -94.0	Label = Insufficient information

Pos. = 216 **Variable = W1ch3_11HH** **Variable label = DV: Number of children aged 3 - 11 in household**

This variable is *numeric*, the SPSS measurement level is *SCALE*
SPSS user missing values = -999.0 thru -1.0

Value label information for W1ch3_11HH

Value = -999.0	Label = Missing - household data lost
Value = -94.0	Label = Insufficient information

Pos. = 217 **Variable = W1ch12_15HH** **Variable label = DV: Number of children aged 12 - 15 in household**

This variable is *numeric*, the SPSS measurement level is *SCALE*
SPSS user missing values = -999.0 thru -1.0

Value label information for W1ch12_15HH

Value = -999.0	Label = Missing - household data lost
Value = -94.0	Label = Insufficient information

Pos. = 218 **Variable = W1ch16_17HH** **Variable label = DV: Number of children aged 16 - 17 in household**

This variable is *numeric*, the SPSS measurement level is *SCALE*
SPSS user missing values = -999.0 thru -1.0

Value label information for W1ch16_17HH

Value = -999.0	Label = Missing - household data lost
Value = -94.0	Label = Insufficient information

Pos. = 5 **Variable = IndSchool** **Variable label = DV: Whether YP was at an independent or maintained school at sampling stage**

This variable is *numeric*, the SPSS measurement level is *SCALE*
SPSS user missing values = -999.0 thru -1.0

Value label information for IndSchool

Value = 0.0	Label = Maintained
Value = 1.0	Label = Independent

Pos. = 204 **Variable = W1marstatmum** **Variable label = DV: Marital status of young person's mother**

This variable is *numeric*, the SPSS measurement level is *NOMINAL*
SPSS user missing values = -999.0 thru -1.0

Value label information for W1marstatmum

Value = 1.0	Label = Single, that is, never married
Value = -94.0	Label = Insufficient information
Value = 3.0	Label = Living with a partner
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = 6.0	Label = Widowed
Value = 7.0	Label = Other
Value = 2.0	Label = Married and living with husband or wife
Value = -1.0	Label = Don't know
Value = -999.0	Label = Missing - household data lost
Value = 4.0	Label = Married and separated from husband or wife
Value = -98.0	Label = Mother not present
Value = 5.0	Label = Divorced

Pos. = 221 **Variable = W1famtyp2** **Variable label = DV: Whether single parent household (using household grid relationships)**

This variable is *numeric*, the SPSS measurement level is *SCALE*
SPSS user missing values = -999.0 thru -1.0

Value label information for W1famtyp2

Value = 0.0	Label = No, not single parent household
Value = -999.0	Label = Missing - household data lost
Value = -94.0	Label = Insufficient information
Value = 2.0	Label = No
Value = 1.0	Label = Yes, single parent household

Pos. = 240 **Variable = W1nssecfam** **Variable label = DV: Family's NS-SEC class (from household reference person)**

This variable is *numeric*, the SPSS measurement level is *SCALE*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1nssecfam

Value = 1.0	Label = Higher Managerial and professional occupations
Value = -94.0	Label = Insufficient information
Value = 3.0	Label = Intermediate occupations
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = 6.0	Label = Semi-routine occupations
Value = 7.0	Label = Routine occupations
Value = 8.0	Label = Never worked/long term unemployed
Value = 2.0	Label = Lower managerial and professional occupations
Value = -999.0	Label = Missing - household data lost
Value = -99.0	Label = HRP not interviewed
Value = 4.0	Label = Small employers and own account workers
Value = 5.0	Label = Lower supervisory and technical occupations

Pos. = 270 **Variable = W1ethgrpYP** **Variable label = DV: Young person's ethnic group (grouped)**

This variable is *numeric*, the SPSS measurement level is *NOMINAL*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1ethgrpYP

Value = 1.0	Label = White
Value = -94.0	Label = Insufficient information
Value = 3.0	Label = Indian
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = 6.0	Label = Black Caribbean
Value = 7.0	Label = Black African
Value = 8.0	Label = Other
Value = 2.0	Label = Mixed
Value = -999.0	Label = Missing - household data lost
Value = 4.0	Label = Pakistani
Value = -1.0	Label = Don't know
Value = 5.0	Label = Bangladeshi

Pos. = 200 **Variable = W1heposs9YP** **Variable label = YP: Likelihood of YP applying for university**

This variable is *numeric*, the SPSS measurement level is *ORDINAL*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1heposs9YP

Value = 1.0	Label = Very likely
Value = 2.0	Label = Fairly likely
Value = 3.0	Label = Not very likely
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = 4.0	Label = Not at all likely
Value = -99.0	Label = YP not interviewed
Value = -1.0	Label = Don't know

Pos. = 135 **Variable = W1hwndayYP** **Variable label = YP: Number of evenings do homework**

This variable is *numeric*, the SPSS measurement level is *SCALE*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1hwndayYP

Value = -998.0	Label = Interviewer missed question
Value = -92.0	Label = Refused
Value = -99.0	Label = YP not interviewed
Value = -1.0	Label = Don't Know
Value = -91.0	Label = Not applicable

NOTE: CASI SECTION IS A PART OF THE QUESTIONNAIRE THAT IS SELF-COMPLETED (TYPICALLY SENSITIVE QUESTIONS)

Pos. = 255 **Variable = W1truantYP** **Variable label = YP: Whether played truant in last 12 months**

This variable is *numeric*, the SPSS measurement level is *NOMINAL*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1truantYP

Value = -96.0	Label = YP unable to complete CASI section
Value = 1.0	Label = Yes
Value = 2.0	Label = No
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = -99.0	Label = YP not interviewed
Value = -1.0	Label = Don't know
Value = -97.0	Label = YP refused CASI section

Pos. = 272 Variable = W1alceverYP Variable label = YP: Whether ever had proper alcoholic drink

This variable is *numeric*, the SPSS measurement level is *NOMINAL*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1alceverYP

Value = -96.0	Label = YP unable to complete CASI section
Value = 1.0	Label = Yes
Value = 2.0	Label = No
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = -99.0	Label = YP not interviewed
Value = -1.0	Label = Don't know
Value = -97.0	Label = YP refused CASI section

Pos. = 344 Variable = W1bulrc Variable label = DV: Whether YP bullied in any way in last 12 months

This variable is *numeric*, the SPSS measurement level is *SCALE*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1bulrc

Value = -96.0	Label = YP unable to complete CASI section
Value = 1.0	Label = Yes
Value = 2.0	Label = No
Value = -92.0	Label = Refused
Value = -99.0	Label = YP not interviewed
Value = -1.0	Label = Don't know
Value = -97.0	Label = YP refused CASI section

Pos. = 348 Variable = W1disabYP Variable label = DV: Whether young person has a disability/long term illness or health problem

This variable is *numeric*, the SPSS measurement level is *SCALE*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1disabYP

Value = 1.0	Label = Has disability and schooling affected
Value = -94.0	Label = Insufficient information
Value = 3.0	Label = No disability or longstanding illness
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = 2.0	Label = Has disability, but schooling not affected
Value = -995.0	Label = Missing history section data - unexplained
Value = -98.0	Label = History respondent not identified
Value = -99.0	Label = History respondent not interviewed
Value = -1.0	Label = Don't know
Value = -97.0	Label = History respondent misidentified

Young people were asked a series of statements which related to their overall attitude towards school. For this report the scores have been aggregated to create a single measure of their attitude towards school (on a scale of 0 - 24), and this can be expressed as a mean score.

Pos. = 346 Variable = W1yschat1 Variable label = DV: Young person's attitude to school (additive)

This variable is *numeric*, the SPSS measurement level is *SCALE*

SPSS user missing values = -999.0 thru -1.0

Value label information for W1yschat1

Value = -96.0	Label = YP unable to complete CASI section
Value = -92.0	Label = Refused
Value = -99.0	Label = YP not interviewed
Value = -1.0	Label = Don't know
Value = -97.0	Label = YP refused CASI section

(GHQ12) score (Goldberg & Williams,1988) A mental health score

Pos. = 536 Variable = W2ghq12scr Variable label = DV: Young person GHQ12 score - 12 point scale

This variable is *numeric*, the SPSS measurement level is *SCALE*

SPSS user missing values = -999.0 thru -1.0

Value label information for W2ghq12scr

Value = -96.0	Label = YP using interpreter
Value = -92.0	Label = Refused
Value = -99.0	Label = YP not interviewed

Value = -99.0	Label = YP not interviewed
Value = -1.0	Label = Don't know
Value = -97.0	Label = YP refused self completion

Pos. = 859 Variable = W4empsYP Variable label = DV: Employment status of young person

This variable is *numeric*, the SPSS measurement level is *NOMINAL*

SPSS user missing values = -999.0 thru -1.0

Value label information for W4empsYP

Value = 1.0	Label = Doing paid work for 30 or more hours a week
Value = -94.0	Label = Insufficient information
Value = 3.0	Label = Unemployed/ Looking for a job
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable - still at school
Value = 6.0	Label = Looking after the family/ household
Value = 7.0	Label = Retired from work altogether
Value = 8.0	Label = Sick/ disabled
Value = 9.0	Label = Other
Value = 2.0	Label = Doing paid work for fewer than 30 hours a week
Value = -999.0	Label = Missing household information - lost
Value = 4.0	Label = On a training course or scheme
Value = 5.0	Label = In full-time education/ at school

Young people were asked a series of statements which related to their overall attitude towards school. For this report the scores have been aggregated to create a single measure of their attitude towards school (on a scale of 0 - 24), and this can be expressed as a mean score.

Pos. = 866 Variable = W4schatYP Variable label = DV: Young person's attitude to school (additive)

This variable is *numeric*, the SPSS measurement level is *SCALE*

SPSS user missing values = -999.0 thru -1.0

Value label information for W4schatYP

Value = -99.0	Label = YP not interviewed
Value = -1.0	Label = Don't know

Pos. = 797 Variable = W4Childck1YP Variable label = Admin: Interviewer confirm YP has child

This variable is *numeric*, the SPSS measurement level is *NOMINAL*

SPSS user missing values = -999.0 thru -1.0

Value label information for W4Childck1YP

Value = 1.0	Label = Yes
Value = 2.0	Label = No
Value = -92.0	Label = Refused
Value = -91.0	Label = Not applicable
Value = -99.0	Label = YP not interviewed
Value = -1.0	Label = Don't know
